Recitals

1. Wis. Stat. § 346.57(4)(h) sets a default speed limit of 55 miles per hour on Town highways.
2. Wis. Stat. § 349.11(1)(a) permits a local authority to determine and declare a reasonable and safe speed limit upon any highway within the local authority's jurisdiction upon the basis of an engineering and traffic investigation showing that the statutory speed limit is either greater or less than is reasonable or safe under the conditions found to exist upon any part of a highway.
3. Wis. Stat. § 349.11(3)(c) permits a municipality to reduce the 55 mile per hour limit by 10 miles per hour without Wisconsin DOT approval.
4. The Town has conducted an engineering and traffic investigation on Lake Drive between County Road LL and the eastern terminus of Lake Drive. The investigation shows that the 85th percentile speed in various locations is 46 mph, 35 mph, and 40 mph.
5. Wisconsin DOT guidance provides that speed limits should correlate closely to 85th percentile speeds determined by field speed studies.
6. The Ozaukee County Public Works Director, a licensed engineer, has reviewed the speed study and concurs with the proposed reduction of the speed limit from 55 mph to 45 mph.

THEREFORE, the Town Board of the Town of Port Washington do ordain as follows:

1. Based on the foregoing recitals, the Town Board establishes a speed limit of 45 miles per hour on Lake Drive between County Road LL and the eastern terminus of Lake Drive.
